ARE YOU SURE YOUR FURNITURE IS SAFE?

Abecca have the answer.

We manufacture the World's Safest Furniture. Safe because it won't cause harm when tampered with and safe because all pieces are covered in medical grade waterproof vinyl, with HF sealed seams, the ultimate for infection control.

If you really care for the safety of your colleagues and clients you only have one furniture option – get in touch with Abecca today.

OUR MISSION STATEMENT

"Creating Safe and Harmonious
environments through extraordinary
innovation".

ABECCA VALUES

A strong, reliable organization built up on:

INNOVATION – We challenge the status quo everytime

INTEGRITY – We stand by our word and every commitment is without compromise

PASSION – We believe in our products and will not sacrifice on quality

LOYALTY – We trust and support each other in achieving our goals

CARE – We genuinely care for our customers, suppliers and staff alike

"THE SERVICE WE HAVE RECEIVED FROM
ABECCA HAS BEEN ABSOLUTELY OUTSTANDING.
THIS HAS SET THEM APART FROM EVERYONE ELSE
WE HAVE TO DEAL WITH"

MATTIAS | COUNTIES MANUKAU HEALTH, NZ

OUR STORY

Abecca's experience with textiles first started in 1952, when Mr David Beatson, returned from World War II and started a new life supplying and repairing cow covers using canvas fabric.

Fast forward 70+ years and the same Beatson family now proudly hold the title of the World's Safest Furniture manufacturers. With the 4th generation actively involved, we are family owned through and through.

Designers, Innovators and Manufacturers of the World's Safest Furniture best describes Abecca in a few words. Our client first philosophy and manufacturing capability means the finest detail on every safe furniture solution is because of feedback from clients like you. Being the manufacturer gives us and you such an advantage where even a minor change to a product is absolutely no issue to Abecca.

David Beatson, Abecca founders grand and great grand father started working with textile fabrics.

● 1952

1952
- 2012

Abecca was operating under a parent company (Betacraft Ltd)

Abecca Healthcare registered as a standalone entity

● 2013

2015

Abecca's first Sensory furniture item produced (the sensory rocking chair)

Strong growth in the mental health furniture space resulted in Abecca rebranding and trading as Abecca by Design

● 2018

2019

Abecca's Eagle Range was born

Abecca working closely with youth justice space to produce 100% fit for purpose furniture.

● 2020

2023

Abecca's Hawk range officially launched

● 2024

Eagle and Hawk range completely refreshed with new designs and greatly improved durability.

HAS IT EVER OCCURRED TO YOU HOW DANGEROUS FURNITURE CAN BE?

That is exactly why Abecca exists. It all started with requests from numerous special care institutions, who were struggling with their furniture. One customer reported thousands of dollars' worth of damage to a room, where the furniture was used as missiles to destroy the room.

Another customer had a wooden bedside table thrown straight through specialist safety mesh that apparently couldn't be broken! Others reported staff injuries that meant months off work - Does this sound familiar? Abecca's safe furniture overcomes all of these constraints plus lots more.

Why not use specialist furniture that removes all that fear and is proven to create a rehabilitative environment?

ABOUT OUR RANGE

With safe furniture in units all over Australasia, and countless years of safe furniture manufacturing, Abecca fully understand how paramount safety is within these testing environments.

All furniture pieces are constructed in a fire retardant commercial grade vinyl and foam, which complies with BS 5852 : 2006 standards. The core composition excludes, wooden, metal or hard components, which propose the greatest risk when tampered with and thrown.

These are replaced with multi density foam which doesn't in any way compromise the integrity of the furniture, rather makes it stronger more durable and best of all a lot safer. Our furniture is covered with a vinyl that is suitable for heavy commercial and healthcare upholstery. The vinyl is antimicrobial and antibacterial treated, fire retardant and is surfaced with a Protech coating, all manufactured in accordance with ISO9001.

The construction of the covers includes minimal seams. The easiest furniture to keep clean and safe from bacteria build up.

SO WHY CALL IT THE EAGLE RANGE

An eagle is a lightweight bird with a huge power to weight ratio representing supreme power and authority. An eagle symbolises new beginnings, resilience and stamina for those who have been experiencing difficult passages in life.

We felt this perfectly characterised our safe furniture. Supreme in its application. Our Eagle furniture soars above the competition, assisting with healing and comfort, and most importantly safety. It gives users strength, courage and stamina to overcome and start a new chapter.

KEY BENEFITS FOR THE RANGE

The Eagle range is purpose
built for high risk and secure units.

- The safest furniture you can buy.
- No hard objects in the construction of the furniture. These are replaced with high durable foam which doesn't compromise the integrity of the furniture.
- Fire retardant commercial grade foam and vinyl (BS 5852 : 2006)
- Anti-bacterial and Anti-fungal treated foam and vinyl. Including a coating for ease of cleaning (Protech)
- One piece cover design to prevent bacteria build up.
- Tear, slash, and tamper resistant vinyl, with nowhere for clients to hide contraband inside or cause self-harm.
- Ergonomic sturdy design to assist with stability.
- All furniture pieces have a safe working load of up to 200kgs
- Some items include sensory modulation properties and assist with de-escalation.
- High frequency welded seams reinforced with top stitching for extra durability.

ABECCA FURNITURE SYMBOLS

ABECCA DESIGN

Safe

Safe – The safest furniture you can buy. There are no hard components in the structure of Abecca's safe furniture and items haven't been weighted to deter mishandling.

Waterproof

Waterproof – Waterproof vinyl with welded seams, the ultimate in infection control.

Fire Retardant

Fire Retardant – All foam and upholstery comply with FR standard BS 5852 : 2006. Fire tests available upon request.

Anti-bacterial

Anti-Bacterial – All upholstery and foams are sanitised to inhibit growth of bacteria, mould and mildew.

Washable

Washable – All furniture is created as a one-piece cover with minimal seams. There are no gaps between arms or headrests for bacteria to build up or a place to hide contraband. All seams are welded, by far the easiest furniture to clean.

Soft

Soft – 100% high resilient foam only structure. Our perfect blend of multi-density foam offers unparalleled, comfort and softness paired with utmost durability and safety.

WARRANTIES AND REPAIRS

7-year Warranty – Even though we know some of the testing environments our furniture goes into, we are so confident in our product we offer a 7 year structural guarantee and a 3 year upholstery warranty.

Locally Made – Skip the queue; Yes, Abecca manufacture our own furniture. Not only are we fully in control of the quality but we can supply fast. Plus we offer the best after sales support because our factory isn't far from you.

Free Returns and Repairs – While there isn't normally a need for this point, accidents do happen. If it's a product fault Abecca will repair or replace it, no questions asked. If it's a misuse we will certainly look after you, and get the furniture as good as new at very little cost.

SINGLE CHAIR

ORDER CODE: EF1

KAURI AND TOTARA CLEANING INSTRUCTIONS

1. Most stains can be cleaned using warm soapy water, followed by clean water rinsing.
2. For a sanitising process wipe mattress with warm water and mild detergent /soap on a sponge or softcloth.
3. To sterilise mattress, dilute 1 part Sodium Hypochlorite with 100 parts water, apply to mattress with sponge or soft cloth. Wipe off then rinse completely with clear water and dry thoroughly.

**NB: Failure to follow these instructions may void the warranty.
To get your cleaning methods and product approved please contact Abecca.**
